About ShipNYC

ShipNYC is a Service-Disabled Veteran-Owned Small Business (SDVOSB) providing commercial printing, shipping, business support, and OEM/ODM product development services to government agencies, corporate clients, and community organizations.

Founded by two U.S. Army veterans, we take pride in precision, reliability, and responsive customer service. From high-volume printing and secure package handling to industrial shredders and custom product development, ShipNYC delivers mission-ready solutions with a personal touch.

or **10,000 postcards**, we have
the tools and the team to
execute flawlessly.

In-house design support available

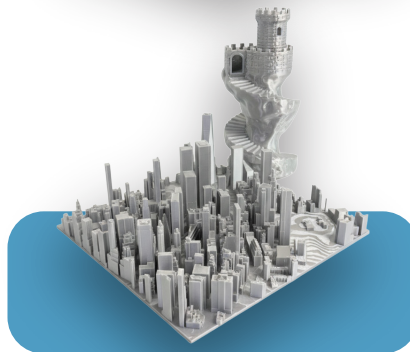

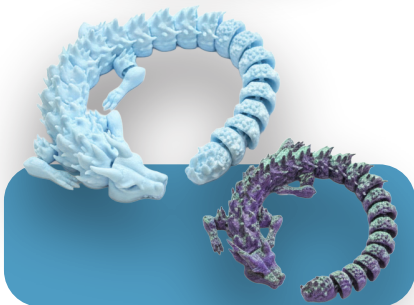

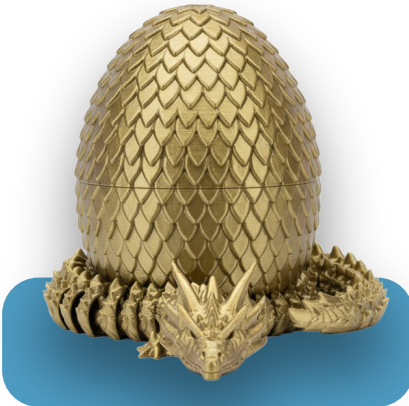

OEM & ODM Solutions

ShipNYC provides flexible product development and manufacturing support through both OEM (Original Equipment Manufacturer) and ODM (Original Design Manufacturer) models.

With OEM services, we execute client-driven visions with precision. With ODM solutions, we offer scalable, repeatable products that save time and reduce costs. Together, these models make ShipNYC a versatile partner for both one-off custom jobs and standardized product lines.
